Dear David,

I, like many others, are waiting patiently for you to get a deal done, so we can get our seed money back. I hope you are on the cusp of getting something done very soon. I have explained my situation in great detail to you about my financials. I have major tax issues. I am requesting that you send me the interest that you owe me before January 15, 2009. I have four notes from you starting on 2-1-05(\$50,000.00), 12-7-05 (\$25,000.00), 4-4-06(\$25,000.00 and 7-19-06(\$125,000.00). I calculate you owe me over \$70,000.00 in interest based on a 10% return highlighted in the notes.

I am also asking you to calculate the number of additional shares you have promised me by bringing additional investors to Wind Plus. I'd like those shares to be put in writing immediately. The enticement you used to sell us on your plan was to get our principal back plus interest, but also shares in your company when you do the reverse take over and take the co. public. That was a big factor in making the decision to sign on in the first place.

I know you have a substantial amount of money coming on the Elbow Creek project, so I think you will have the funds to pay me. I look forward to your prompt response.

Best regards,  
Don Delaney
