Subject: Wind Plus issues: Please read and respond

Dear Fellow Noteholders:

Here is the revised letter I composed that I recommend we send to Spalding on March 1, 2009, if he does not have a sale with a specific date to pay us back by that date. I am emailing a signature page (under a separate email) I am asking all of you to sign this and date it. I'd like original signatures, so please mail it to me asap. If we receive good news that he has a sale and impending payback, this letter will never be sent. Please keep this confidential.

Thanks.
