Don --

WHY should I join this call -- For YOU to pound on me --Because you want absolute dates for a closing -- Is that fair ??....Do you call to ask if we need help, especially financial help. No -- Just pressure for completion.

Don't you think I eat, sleep and work on this matter 1000% of the time, everyday !!

It appears to want to be the "arm-chair" quarterback, again - without knowing all the facts. (I have said this many times previously)

I will attend your call to answer all the questions from our supportive note holders.

Call me --

Dave

Dear Dave,

The same noteholders that convened on 1-22-09 to talk about our investment in Wind Plus are getting together again to talk over our investment prospects with Wind Plus on 3-12-09 at 5:30 PM, central standard time. We are inviting you and Eric Hanlon to join us to explain and discuss current developments. This is an opportunity for you to talk to us
