Subject: Dave Spalding - Wind Plus Update...

See – I told you it will work !!!

HW + P = S

(Hard Work plus Perseverance = Success)

Wind Plus, Inc. is pleased to announce the closing on its sale transaction concerning Elbow Creek Wind Project LLC (Morgan Ranch Wind Park) in Big Spring, TX. It was completed this afternoon, Feb. 2, 2007. The purchaser was Padoma Wind LLC - an NRG Energy Company of Houston, TX. (www.NRGEnergy.com)

NRG Energy is a \$6Billion - diversified wholesale energy generation provider. NRG is the second largest generation company in Texas. The Elbow Creek (Morgan Ranch) Wind Park is the first renewable energy development for NRG Energy.

I want to express a “**special thanks**” to Brian Fenske, Ray Boothe & Shane Payette - for all their hard work and tolerating all my bitching. This was a very difficult battle with a gorilla.

The company will establish a repayment schedule to all promissory note holders. This should be completed within 45 days. This sale offers Wind Plus increased financial strength, market recognition, and supports our vision concerning the wind energy market in Texas.

Friends, Shareholders, Noteholders and Supporters – It was pure **HW plus P equaling S.**

Many people expressed their doubts if Wind Plus would succeed. **See, I, told you so....!!** Stay Tune – I expect more Wind Plus news in late Spring 2007.

Thank You,
